Elementary & Middle School Offerings

ELA & Math – NY State Assessment - June Instructional Report (JUN-MS-19)

Start the school year with a deep understanding of how your students performed on the state assessment, to better inform curriculum planning and teaching practice.

- *Understand how each grade and class performed on the state assessment, including a breakdown by question type, cluster, heavily weighted standards.*
- *Includes a comparison to previous year's performance by cohort to show areas of progress or decline (e.g. how 7th graders performed relative to their performance as 6th graders on the same standards and question types.*
- *Lists released questions for strongest and weakest standards and questions, and most and least heavily weighted standards and questions.*

This page examines how each of your student cohorts by grade and subject performed on the 2018 State Exam and 2019 State Exam, looking at growth in terms of how each cohort's difference with the city average changed from one year to the next. The data looks at performance by question type as well as on an overall basis.

Legend:

| | | | |
|-------------------------|-----------------------------|-----------------------------|-------------------------|
| > 10% Above City Avg | 0% to 10% Above City Avg | 0% to 15% Below City Avg | < 15% Below City Avg |
|-------------------------|-----------------------------|-----------------------------|-------------------------|

*All % are expressed as % of possible raw score points

This page examines how the same cohort of students performed on the 2018 State Exam and 2019 State Exam, looking at growth in terms of performance by question type and cluster/strand. N/A - Indicates there was no related cluster/strand that was tested in the previous year. If the math foundational strand from 2018 is different from the tested strand in 2019, it is shown below (left blank if same). The strongest and weakest standards on the 2019 exam relative to the city are shown at the bottom of the page. Data for each unique combination of standard + question type

This page shows the performance by each unique combination of standard and question type on the 2019 Exam. It also includes a growth analysis, looking at the performance on related standards from the 2018 exam (looking at the same students from the prior grade level). N/A - Indicates there was no related standard tested the previous year.

*All % are expressed as % of possible raw score points

Numbers System (NS), Ratios and Proportions (RP)

| Standard | Question Type | Standard Description |
|-----------|---------------|---|
| 6.NS.A.1 | MC | Interpret and compute quotients of fractions, and solve word problems involving division of fractions by fractions, e.g., by using visual fraction models and equations to represent the problem. For example, create a story context for $(2/3) \div (3/4)$ and use a visual fraction model to show the quotient; use the relationship between multiplication and division to explain that $(2/3) \div (3/4) = 8/9$ because $3/4$ of $8/9$ is $2/3$. (In general, $(a/b) \div (c/d) = ad/bc$.) How much chocolate will Find the greatest common factor of two whole numbers less than or equal to 100 and the least common multiple of two whole numbers less than or equal to 12. Use the distributive property to express a sum of two whole numbers 1–100 with a common factor as a multiple of a sum of two whole numbers with no common factor. For example, express $36 + 8$ as $4(9 + 2)$. |
| 6.NS.B.4 | MC | Find the greatest common factor of two whole numbers less than or equal to 100 and the least common multiple of two whole numbers less than or equal to 12. Use the distributive property to express a sum of two whole numbers 1–100 with a common factor as a multiple of a sum of two whole numbers with no common factor. For example, express $36 + 8$ as $4(9 + 2)$. |
| 6.NS.B.4 | CR | Find the greatest common factor of two whole numbers less than or equal to 100 and the least common multiple of two whole numbers less than or equal to 12. Use the distributive property to express a sum of two whole numbers 1–100 with a common factor as a multiple of a sum of two whole numbers with no common factor. For example, express $36 + 8$ as $4(9 + 2)$. |
| 6.NS.C.6b | MC | Understand signs of numbers in ordered pairs as indicating locations in quadrants of the coordinate plane; recognize that when two ordered pairs differ only by signs, the locations of the points are related by reflections across one or both axes. |
| 6.NS.C.7d | MC | Distinguish comparisons of absolute value from statements about order. For example, recognize that an account balance less than –30 dollars represents a debt greater than 30 dollars. |
| 6.RP.A.1 | MC | Understand the concept of a ratio and use ratio language to describe a ratio relationship between two quantities. For example, “The ratio of wings to beaks in the bird house at the zoo was 2:1, because for every 2 wings there was 1 beak.” “For every vote candidate A received, candidate C received nearly three votes.” |
| 6.RP.A.2 | MC | Understand the concept of a unit rate a/b associated with a ratio $a:b$ with $b \neq 0$, and use rate language in the context of a ratio relationship. For example, “This recipe has a ratio of 3 cups of flour to 4 cups of sugar, so there is $3/4$ cup of flour for each cup of sugar.” “We paid \ |
| 6.RP.A.2 | CR | Understand the concept of a unit rate a/b associated with a ratio $a:b$ with $b \neq 0$, and use rate language in the context of a ratio relationship. For example, “This recipe has a ratio of 3 cups of flour to 4 cups of sugar, so there is $3/4$ cup of flour for each cup of sugar.” “We paid \ |
| 6.RP.A.3a | MC | Make tables of equivalent ratios relating quantities with whole- number measurements, find missing values in the tables, and plot the pairs of values on the coordinate plane. Use tables to compare ratios. |
| 6.RP.A.3b | MC | Solve unit rate problems including those involving unit pricing and constant speed. For example, if it took 7 hours to mow 4 lawns, then at that rate, how many lawns could be mowed in 35 hours? At what rate were lawns being mowed? |
| 6.RP.A.3c | MC | Find a percent of a quantity as a rate per 100 (e.g., 30% of a quantity means 30/100 times the quantity); solve problems involving finding the whole, given a part and the percent. |
| 6.RP.A.3d | MC | Use ratio reasoning to convert measurement units; manipulate and transform units appropriately when multiplying or dividing quantities. |
| 6.RP.A.3d | CR | Use ratio reasoning to convert measurement units; manipulate and transform units appropriately when multiplying or dividing quantities. |
| 5.OA.B.3 | CR | Generate two numerical patterns using two given rules. Identify apparent relationships between corresponding terms. Form ordered pairs consisting of corresponding terms from the two patterns, and graph the ordered pairs on a coordinate plane. For example, given the rule “Add 3” and the starting number 0, and given the rule “Add 6” and the starting number 0, generate terms in the resulting sequences, and observe that the terms in one sequence are twice the |

ELA & Math – NY State Assessment – Item Analysis (ITA-ES-19)

Understand how individual students performed on the state assessment, which questions students struggled with most and least, and analyze results by class and subgroup.

- *Understand how each individual student performed on the assessments, including a breakdown by question type, cluster, heavily weighted standards, reading passages (ELA), and foundational standards (Math)*
- *Analyze top and bottom questions and standards your students struggled on relative to the city as a whole, with most commonly selected incorrect answers, to facilitate error analysis*

What is This?:

An analysis of your current (school year 2019-2020) 8th graders, results on the 7th grade Math exam in the 2018-2019 school year. The analysis shows results by question type, standard, strand, individual question, and individual students. The analysis highlights the top and bottom performing standards and released questions compared to the city average.

Purpose:

- Better understand your school's results from an instructional point of view – what types of questions and what Common Core standards did students perform strongly or weakly on.
- Facilitate school leader and teacher team data inquiry cycles, by enabling analysis of specific questions from the exam to better understand student misconceptions and identify opportunities to improve instruction
- Clarify the structure of the exams themselves – what percentage of the exams are multiple choice or response questions, or test a particular standard or strand.

When to Use This:

- School Leadership meetings in the Fall
- Professional Development sessions with teaching staff in the Fall

Intended outcome:

- School leaders and faculty have a clear understanding of the question types, standards, and questions that students struggled on and succeeded on
- School leaders and faculty have a clear understanding of the structure of the exams
- Faculty make adjustments to curriculum maps and lesson plans to better focus instruction and identify areas for reteach

Data Inquiry– Group Exercise

Question analysis: *(use a Grade or Class Level Summary)*

1. Form teams of 2-3 teachers. Select the grade or class you want to analyze as a group.
2. Select 2 released questions students performed poorly on, and 1 they performed well on
3. Find these released questions on the exam using the links below
4. Review the questions and discuss with your team. Look up the full text of the standard each question is testing and include in your discussion how the question relates to the standard.
5. For each question, write your answers these questions:
 - a. Why do you think your students struggled or succeeded on this question more than other questions, and more than their peers across the city? Be as specific as possible.
 - b. What changes will you make to address this?
6. Share out the following for the entire group:
 - a. What questions from which tests did you analyze? What standards did they test?
 - b. Why did students struggle or succeed on these questions?
 - c. What changes you are going to make to address this?

| Released exam questions | Common Core Standards* | Scoring Materials |
|--|--|--|
| NY releases about 75% of the exam questions. The link below will open a PDF file with the questions. | The Coherence Map shows the complete descriptions of the standards, and how they build on each other. Use it to identify the standards that build on your students' strong and weak standards. | Examples of strong and weak answers to each released written response question |
| 2019 7th Grade exam | Coherence Map | 2019 7th Grade Exam |

*Next Generation Standards - NY state has adopted the [Next Generation Standards](#). However, these standards keep in place much of the current common core standards and will not be reflected on the state tests until 2021.

ELA & Math – NY State Assessment – Individual Student Reports (ITA-ES-MS-19)

Help students own their data. Equip teachers and students with an individualized student reports.

- *Empower and coach students with individualized 2-page summary analysis of results for each student*
- *Understand how each individual student performed on the assessments, including a breakdown by question type, cluster, heavily weighted standards, and reading passages (ELA)*
- *Identify the easiest question each student got wrong, and the hardest they got right.*

Performance on the 4th Grade ELA Exam

Legend:

Student Name

Schoolwide Summary (EQTY1920)

Breakdown performance in state exams and attendance by grade, class, and subgroup, with side-by-side comparisons to identify areas of disproportionality

- See performance by cohort, for each grade for all students, SWDs and ELLs, males and females, students in temporary housing, and high and low scorers in Math, ELA, and attendance
- Can be customized to include subgroups of interest to the school – e.g. students in after school programs, ICT, Self-Contained, ELLs at Expanding level, etc.

Schoolwide Summary (2018-19)

Data based on students enrolled over the 2018-19 school year. The number of students in each subgroup is indicated within parenthesis. ELA and Math Growth Percentiles only include students that took both the 2017-18 and 2018-19 exam.

ELA Proficiency

Math Proficiency

Avg Attendance *

ELA Growth Percentiles

Math Growth Percentiles

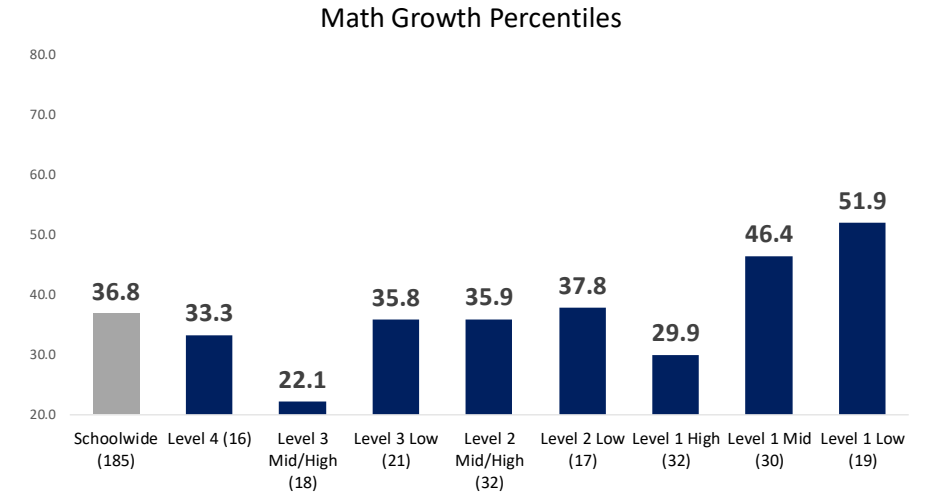

Pct Above 90% Attendance*

*2018-19 Attendance data was not provided for last year's 8th graders. For students enrolled in 2019-2020, we gathered 18-19 attendance from your school's current RESI file.

Performance Grouped by Student Scores from the 2017-18 School Year

This page looks at the 2018-19 exam results based on student scores from the 2017-18 year. Only considers students that also took the exam in 17-18 (4th and 5th graders). See appendix page at the back for more details.

Score Ranges by Category :

| | | | | | | | |
|-------------------------|------------|-------------------------|-----------|---------------------|-----------|--------------------|-----------|
| Level 4 Students | 4.00-4.50 | Level 3 Low | 3.00-3.37 | Level 2 Low | 2.00-2.34 | Level 1 Mid | 1.67-1.84 |
| Level 3 Mid/High | 3.38- 3.99 | Level 2 Mid/High | 2.35-2.99 | Level 1 High | 1.85-1.99 | Level 1 Low | 1.00-1.66 |

Temp Housing - Trends by Cohort

38 Students

This page examines performance trends for the cohort of students that were enrolled over the 2018-19 school year. The proficiency level trends looks at the **same students** year over year. The 2017-18 ELA and Math data only includes last year's 4th and 5th graders. The 2016-17 ELA and Math data only includes your 5th graders from last year (when they were in 3rd grade).

ELA

- The percentage of Temp Housing Students scoring a Level 3 or 4 on the ELA exam was 27% in 2019. This was 2% higher than the prior year (same students).

- ELA growth for Temp Housing Students was very weak. The average student achieved growth in the 31th percentile, scoring higher than 31 of every 100 students in their 2018 statewide comparison group.*

% of students at each proficiency level

| | | | |
|---|---|------|------|
| # Students | 0 | 16 | 37 |
| Avg Proficiency | | 2.47 | 2.37 |
| % Level 3 + 4 | | 25% | 27% |
| Avg Growth Percentile from 2017-18 to 2018-19 (4th and 5th graders) | | | 30.5 |

* 2018 Statewide comparison groups are determined for each student based on their 2017-18 exam score and demographic characteristics (IEP, ELL). A student with an IEP that scored a 2.35 in 2017-2018 would be compared against other students with an IEP that scored a 2.35.

Math

- The percentage of Temp Housing Students scoring a Level 3 or 4 on the Math exam was 14% in 2019. This was 22% lower than the prior year (same students).

- Math growth for Temp Housing Students was very weak. The average student achieved growth in the 29th percentile, scoring higher than 29 of every 100 students in their 2018 statewide comparison group.*

% of students at each proficiency level

| | | | |
|---|---|------|--------|
| # Students | 0 | 17 | 37 |
| Avg Proficiency | | 2.55 | 2.22 * |
| % Level 3 + 4 | | 35% | 14% |
| Avg Growth Percentile from 2017-18 to 2018-19 (4th and 5th graders) | | | 29.4 * |

* 2018 Statewide comparison groups are determined for each student based on their 2017-18 exam score and demographic characteristics (IEP, ELL). A student with an IEP that scored a 2.35 in 2017-2018 would be compared against other students with an IEP that scored a 2.35.

Science

We do not have temporary housing data for students in last year's 8th grade class.

% of students at each proficiency level (4th grade exam)

| | |
|---------------|-----|
| # Students | 18 |
| % Level 3 + 4 | 67% |

Attendance *

- 39% of Temp Housing Students were chronically absent in the 2018-19 year (attendance below 90 pct). This was 3% lower than the prior year (same students).

% of students by attendance levels (see legend)

| | | | |
|--------------------------|------|------|------|
| # Students | 35 | 35 | 38 |
| Avg Attendance | 89.2 | 89.9 | 90.5 |
| Pct Below 90% Attendance | 51% | 43% | 39% |

*2018-19 Attendance data was not provided for last year's 5th graders. For students enrolled in 2019-2020, we gathered 18-19 attendance from your school's current RESI file.

ELA / Math / Science: Level 4 Level 3 Level 2 Level 1

Temp Housing - Equity analysis (2018-19)

38 Students

This page examines compares 2018-19 performance for each student subgroup with other students in the school. We look for areas of disproportionality, where the subgroup of students may have significantly higher or lower performance than other students within the school.

ELA

- ELA proficiency rate (level 3+4) amongst Temp Housing Students was 1.2x higher than other students in the school.
- **ELA growth for Temp Housing Students was very weak. The average student achieved growth in the 31th percentile, scoring higher than 31 of every 100 students in their 2018 statewide comparison group.***

% of students at each proficiency level (18-19)

| | | | |
|-----------------|------|------|------|
| # Students | 37 | 252 | 289 |
| Avg Proficiency | 2.37 | 2.35 | 2.35 |
| % Level 3 + 4 | 27% | 22% | 23% |
| Avg Growth | 30.5 | 37.2 | 36.3 |

* 2018 Statewide comparison groups are determined for each student based on their 2017-18 exam score and demographic characteristics (IEP, ELL). A student with an IEP that scored a 2.35 in 2017-2018 would be compared against other students with an IEP that scored a 2.35.

Math

- **The percentage of Temp Housing Students scoring at a level 3 or 4 on the Math exam in 2019 was 1.6x lower than other students in the school.**
- **Math growth for Temp Housing Students was very weak. The average student achieved growth in the 29th percentile, scoring higher than 29 of every 100 students in their 2018 statewide comparison group.***

% of students at each proficiency level (18-19)

| | | | |
|-------------------|------|------|------|
| # Students | 37 | 256 | 293 |
| Avg Proficiency * | 2.22 | 2.27 | 2.27 |
| % Level 3 + 4 | 14% | 21% | 20% |
| Avg Growth | 29.4 | 37.9 | 36.8 |

* 2018 Statewide comparison groups are determined for each student based on their 2017-18 exam score and demographic characteristics (IEP, ELL). A student with an IEP that scored a 2.35 in 2017-2018 would be compared against other students with an IEP that scored a 2.35.

Science

- The percentage of Temp Housing Students scoring at a level 3 or 4 on the Science exam in 2019 was 1.2x lower than other students.

% of students at each proficiency level (18-19 4th grade)

| | | | |
|---------------|-----|-----|-----|
| # Students | 18 | 90 | 108 |
| % Level 3 + 4 | 67% | 79% | 77% |

ELA / Math / Science: Level 4 Level 3 Level 2 Level 1

Attendance

- Chronic absenteeism (attendance below 90 pct) amongst Temp Housing Students was 1.1x lower than other students in the school.

% of students by 18-19 attendance levels (see legend)

| | | | |
|----------------------|------|------|------|
| # Students | 38 | 154 | 192 |
| Avg Attendance | 90.5 | 90.5 | 90.5 |
| Pct < 90% Attendance | 39% | 43% | 42% |

Attendance: > 95% 90-95% 85-90% < 85%

ESSA Analysis – Middle and Elementary Schools (ESSA-1920)

Understand your school's ESSA results and get specific about the progress needed to improve

- *Analyze your school's previous year results against ESSA targets in CPI, Growth, Academic Progress, and Chronic Absenteeism for each subgroup*
- *Understand your school's starting point in each domain, and the progress needed to achieve higher ESSA accountability levels*

Composite Performance Index (CPI)

2018-2019 Accountability Levels

Based on Data from the SY 17-18 (where you ended last year)

CPI Achievement Level*

| Subgroup | CPI Achievement Level | Weighted Index Level | Weighted Index | Core Subject Index Level | Core Subject Index |
|--------------|-----------------------|----------------------|----------------|--------------------------|--------------------|
| All Students | 3 | 3 | 134.0 | 2 | 134.0 |
| Black | 3 | 3 | 130.6 | 2 | 132.4 |
| Hispanic | 3 | 3 | 137.3 | 2 | 137.3 |
| SWD | 4 | 4 | 121.0 | 4 | 121.8 |
| ED | 3 | 4 | 133.3 | 3 | 133.3 |
| ELL | 3 | 4 | 93.6 | 3 | 97.4 |

Your CPI Achievement Level is determined as follows: Your Weighted Index Level and Core Subject Index Level are added together to form a CPI Level. Then, your school is ranked among all those with the same CPI Level, and re-ranked based on the higher of the Weighted Index Level and Core Subject Level to determine your CPI Achievement Level.

Weighted Index Levels

(penalizes >5% opting out)

| Subgroup | Weighted Index Level | Weighted Index | ELA PI (3/7) | Math PI (3/7) | Science PI (1/7) |
|--------------|----------------------|----------------|--------------|---------------|------------------|
| All Students | 3 | 134.0 | 128.1 | 113.5 | 206.7 |
| Black | 3 | 130.6 | 125.0 | 99.1 | 186.1 |
| Hispanic | 3 | 137.3 | 129.3 | 118.5 | 205.9 |

| N/A | N/A | N/A | N/A | N/A | N/A | N/A |
| 2 | 42.5 | 10%-50% | 12 | 40.0 | 45.0 | N/A |

Legend: Level 4 Level 3 Level 2 Level 1

| Composite Performance Index Rank | Composite Performance Level |
|----------------------------------|-----------------------------|
| 10% or Less | 1 |
| 10.1 to 50% | 2 |
| 50.1 to 75% | 3 |
| Greater than 75% | 4 |

At the elementary and middle school level, ELA, math and science achievement is measured in two ways.

Weighted Academic Achievement:
(# of students at Level 2) + (# of students at Level 3 x 2) +
(# of students at Level 4 x 2.5)

[The greater of: (1) # of continuously enrolled students who are tested or (2) 95% of continuously enrolled students with or without test scores] x 100

Core Subject Performance:

(# of students at Level 2) + (# of students at Level 3 x 2) + (# of students at Level 4 x 2.5)
(# of continuously enrolled students who are tested) x 100

Note: Projected Targets are based only on currently enrolled students that have past state exam scores (i.e. current 4th and 5th graders). However, 2019-2020 CPI Achievement Levels will include results of current 3rd graders exam scores.

2019-2020 - Projected Targets

Number of students to move up a performance level within each subgroup

Weighted Index Levels*

| | ELA | | | Math | | |
|--------------|---------|---------|---------|---------|---------|---------|
| | Level 2 | Level 3 | Level 4 | Level 2 | Level 3 | Level 4 |
| All Students | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | 17 |
| Black | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt |
| Hispanic | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt |
| SWD | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt |
| ED | N/A | N/A | N/A | N/A | N/A | N/A |
| ELL | Met Tgt | 2 | 5 | Met Tgt | 2 | 6 |

Improvements in Weighted Index Levels can be achieved by having students who did not test in 2017-2018 achieve a level 2 or better on the 2018-2019 test, or by having students who tested in 2017-2018 improve 1 or more level in 2018-2019.

Core Subject Levels**

| | ELA | | | Math | | |
|--------------|---------|---------|---------|---------|---------|---------|
| | Level 2 | Level 3 | Level 4 | Level 2 | Level 3 | Level 4 |
| All Students | Met Tgt | Met Tgt | 18 | Met Tgt | 1 | 45 |
| Black | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | 4 |
| Hispanic | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt |
| SWD | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt | Met Tgt |
| ED | N/A | N/A | N/A | N/A | N/A | N/A |
| ELL | Met Tgt | 3 | 5 | Met Tgt | 2 | 6 |

**Improvements in Core Subject Levels can be achieved only by having students who tested in 2017-2018 improve 1 or more level in 2018-2019.

See the final page for Calculated Percentiles for each Subgroup and Subject Level Index

Academic Progress (ELA / Math)

Legend: Level 4 Level 3 Level 2 Level 1

Academic Achievement

Based on a set “end” goal of 200 points on the ELA and math Performance Indices, NY State has established a long-term goal for 2021-2022 of each accountability subgroup closing the achievement gap with the “end” goal by 20%.

2018-2019 Accountability Levels

2019-2020 Projected Levels

| Academic Progress , Graduation Rate, Chronic Absenteeism; CCCR | Did Not Meet Long- Term Goal | Met Long- term Goal | Exceeded Long-Term Goal |
|---|------------------------------------|------------------------|-------------------------------|

* Points to next level - How many additional points a student would have needed to earn on last year's exam to reach the next proficiency level. The number of points needed is not always the same as the number of questions needed as certain question types (response) are worth more than 1 points. The points to next level does not apply to the 19-20 exams as the difficulty and scaling may differ from one exam to the next.

* Days to 90 Pct Attend - How many additional days a student would need to attend school (compared to last year) in order to reach 90 percent attendance for the 2019-2020 school year. The calculations assume that students are enrolled over 180 days in the 2019-2020 year.

Individual Student Reports (ISR-1920)

Facilitate teacher-student, teacher-parent, and student-parent conferences with key student data

- *Provide parents and students a 1-page snapshot including research-backed presentation of year to date attendance in comparison with schoolwide average, ELA and Math proficiency and growth percentile, and reading assessment results. Can be customize to include any data of interest to the school.*
- *Spanish language versions available*

Dear Family Members of: **Student Name**

Grade: **7th Grade**

Class: **7A3**

This report is to inform you how Student is performing in school. Please review the information carefully and let us know if you have any questions or concerns. Blanks mean no data is available.

Attendance

The NYC Department of Education determines that a student is **Chronically Absent** if their attendance rate drops below 90%. Students that are **Chronically Absent** have a significantly lower rate of graduating High School and attending college.

Student has been absent 1 days so far this school year, which is the same amount as the typical student. Please be reminded that attendance can have a big impact on your child's academic progress and overall success.

| | Student's Attendance* |
|-----------------|-----------------------|
| Days Absent | 1 |
| Attendance Rate | 97.2% |

| | School Attendance* |
|-----------------|--------------------|
| Days Absent | 1.5 |
| Attendance Rate | 95.8% |

*Attendance as of November 1, 2019

State Exam Results

Proficiency:

Student's state exam results over the past few years are shown to the right. Scores range from Level 1 to Level 4. Level 1 means below grade level. Level 2 means approaching grade level. Level 3 means at grade level. Level 4 means above grade level.

Growth Percentile:

Student grew more in ELA than 64% of students in New York State who started at the same level. Student grew in Math more than 85% of students in New York State who started at the same level. For the typical student, the ELA growth percentile was 50.9% while the Math growth percentile was 60.1%.

Degrees of Reading Power

Scores are on a 0-100 scale, corresponding to a level 1, 2, 3 or 4. Level 1 means reading below grade level. Level 2 means approaching grade level reading. Level 3 means reading at grade level. Level 4 means reading above grade level.

| | Fall 2019 | Winter 2020 | Spring 2020 |
|-------|-----------|-------------|-------------|
| Score | 64 | | |
| Level | Level 2 | | |

Score needed on next assessment (Winter 2020) for Student to be on track for Level 3 or 4 by end of 8th grade:

66

Este informe es para informarle cómo está actuando Student en la escuela. Por favor revise la información cuidadosamente y háganos saber si tiene alguna pregunta o inquietud. Los espacios en blanco significan que no hay datos disponibles.

Asistencia

El Departamento de Educación de la Ciudad de Nueva York determina que un estudiante es **Crónicamente Ausente** si su tasa de asistencia cae por debajo del 90%. Los estudiantes que son **Crónicamente Ausentes** tienen una tasa significativamente menor de graduarse de la Escuela Secundaria y asistir a la universidad.

Student ha estado ausente 1 días en lo que va de este año escolar, que es the same amount como el típico estudiante de escuela. Recuerde que la asistencia puede tener un gran impacto en el progreso académico y el éxito general de su hijo.

| | Asistencia de Student* |
|--------------------|------------------------|
| Días ausentes | 1 |
| Tasa de asistencia | 97.2% |

| | Escuela Asistencia* |
|--------------------|---------------------|
| Días ausentes | 1.5 |
| Tasa de asistencia | 95.8% |

*Asistencia a partir del 1 de noviembre de 2019

Resultados del Examen Estatal

Competencia:

Los resultados del examen de Student en los últimos años se muestran a la derecha. Las puntuaciones van desde el nivel 1 hasta el nivel 4. Nivel 1 significa por debajo del nivel de grado. Nivel 2 significa acercarse al nivel de grado. Nivel 3 significa en el nivel de grado. Nivel 4 significa por encima del nivel de grado.

Porcentaje de crecimiento:

Student creció en Inglés más del 64% de los estudiantes en el estado de Nueva York que comenzaron en el mismo nivel. Student creció en Matemáticas más del 85% de los estudiantes en el estado de Nueva York que comenzaron en el mismo nivel. Para el estudiante típico de MS 343, el percentil de crecimiento de Inglés fue del 50,9%, mientras que el percentil de crecimiento matemático fue del 60,1%.

Porcentaje de crecimiento: (2018 a 2019)

Degrees of Reading Power

Las puntuaciones están en una escala de 0-100, correspondiente a un nivel 1, 2, 3 o 4. Nivel 1 significa leer por debajo del nivel de grado. Nivel 2 significa acercarse a la lectura del nivel de grado. Nivel 3 significa leer a nivel de grado. Nivel 4 significa leer por encima del nivel de grado.

NYSESLAT Analysis (NYSL-19)

Assess progress and standing on English language modalities for ENLs

- *Compare ability and progress by modality: listening, speaking, reading, and writing by level (Transitioning, Expanding, etc.) grade, class and individual student*

| Legend | Entering | Emerging | Transitioning | Expanding | Commanding |
|--------|----------|----------|---------------|-----------|------------|
|--------|----------|----------|---------------|-----------|------------|

Grey text indicates no Modality data available for these students

This chart considers only currently enrolled ELLs, excluding all former ELLs (i.e. those who reached Commanding level on the 2017, 2018, or 2019 NYSESLAT).

*Analysis looks at progress achieved by your school's returning students: those enrolled in the school on or before 12/01/2018. Includes students that took the NYSESLAT in both 2018 and 2019.

Percentage Making Progress

The numbers in parentheses indicates the number of students considered in the analysis. For example, 'Schoolwide (58)' means that there are 58 returning 2nd Yr ELL + 1st year former ELLs schoolwide.

*The right hand side of the page analyzes performance by modality, and considers ONLY currently enrolled students with 2019 NYSESLAT results. The left hand side of the page counts all Current and Former ELLs currently enrolled at the school, including those who may have only taken the NYSITEL in 2019 or those who have tested out of ELL status in 2018 or before.

Regents Exam Analysis (ITAHS-1920)

Personalize Regents prep and identify class and school-wide challenge areas

- *See a breakdown of results by question type, standard, and content area for subgroups and individual students*
- *Enables teachers to identify challenge areas to focus on for Regents' prep*
- *View progress over multiple tests*
- *Analyze problematic questions*

Schoolwide - Summary of Performance across Regents Exams

June 2019 Regents

*Performance overall, by question type, and by key standard/topic expressed in terms of percent of total possible points. Key standards and topics are based on the most heavily weighted standards and topics over the past 2 years of June and January Regents exams, and may differ slightly from the key standards and topics on the June 2019 Regents exam alone.

Color codes based on performance in line with ESSA Levels: Level 4 Level 3 Level 2 Level 1

English CC - Question 8

June 2019 Regents

Correct Answer: **2**

Common Incorrect Choice: **3**

Standard / Topic:

Lit: Words in Context
(RL.4)

8 The images in lines 82 through 84 convey feelings of

- (1) fear and disappointment
- (2) cleansing and renewal
- (3) preservation and protection
- (4) confusion and impatience

| % Correct | | % Selecting Each Answer Choice | | | | | |
|----------------|-----|--------------------------------|----|------------|-----|------------|-----|
| School | 50% | Choice (1) | 0% | Choice (2) | 50% | Choice (3) | 38% |
| City | 59% | | | | | Choice (4) | 13% |
| School vs City | -9% | | | | | Left Blank | 0% |

NY Regents Analysis – Individual Student Reports (REG-19)

Help students own their data. Equip teachers and students to look at results across all Regents exams.

- *Understand how each individual student performed on each Regents assessment, including a breakdown by question type, cluster, and heavily weighted standards*

Exams Taken: 4 Exams Passed: 2 Failed: 2

*Performance overall, by question type, and by key standard/topic expressed in terms of percent of total possible points. Key standards and topics are based on the most heavily weighted standards and topics over the past 2 years of June and January Regents exams, and may differ slightly from the key standards and topics on the January 2019 Regents exam alone.

| Legend | In Line with Students Above Passing (Scores of 80 and above) | In Line with Students Passing (Scores of 65-79) | In Line with Students Below Passing (Scores of 55-64) | Significantly Below Passing (Scores Below 55) |

Graduation Rates

Based on an "end" goal of a 95% four-year cohort graduation rate, 96% for the five-year rate, and 97% for the six-year rate, NY State has established a long-term goal for 2021-2022 of closing the graduation rate gap with the "end" goal by 20%.

2018-2019 Accountability Levels

District Public - Calculated Percentiles --->

For each student group and subject area (except for All Students, ELL, SWD, and ED CPI, which were provided by NYSED*), we calculated the thresholds for the 10th, 50th, and 75th percentiles for the array of statewide scores using the NYSED Accountability Status database for 2017-2018. These values are used for calculating the projected levels above and the student level targets in the bottom table. This is meant to be a project and may not correctly reflect the actual percentile thresholds used by the State nor does it reflect the cutoffs for 2018-2019.

| Subgroup | ELA Calculated Percentiles | | | Math Calculated Percentiles | | | Science Calculated Percentiles | | | History Calculated Percentiles | | | CPI Percentiles* | | |

Projected Targets - Number of students to move up a performance level within each subject

For each student group, there are 3 different targets for reaching Accountability Levels 2-4. The table at the bottom shows projected Performance Index thresholds for each subject and student group, based on last year's distribution of scores statewide. "Met Tgt" means the current Performance Index already reaches exceeds or exceeds the threshold needed to reach a projected level.

Graduation Tracker (GRD-1920)

Easily identify off-track students for focused intervention before it's too late

- *Identify low attendance and credit-deficient students after each marking period*
- *Spot trends in share of students at risk of dropping out by cohort from one marking period to the next*
- *Provide lists of students for immediate intervention by counselors and teachers*

Breakdown of Students by Number of Credits

Students "On Track"

| | Number | Percentage |
|----------------|--------|------------|
| Total Students | 295 | 100% |

Students who are:

| | | |
|-------------------------|-----|-----|
| On Track | 201 | 68% |
| Off Track | 94 | 32% |
| 10 OR MORE CREDITS | 204 | 69% |
| 8-10 CREDITS | 25 | 8% |
| 6-8 CREDITS | 19 | 6% |
| 4-6 CREDITS | 15 | 5% |
| 2-4 CREDITS | 8 | 3% |
| <2 CREDITS | 15 | 5% |
| 90% Attendance or Above | 162 | 55% |
| Below 90% Attendance | 133 | 45% |

To reach 85% of students "On Track":

| | | |
|--|-----|-----|
| Total Number of Students "On Track" Needed | 251 | 85% |
| Increase in Students "On Track" Needed | 50 | 25% |

Additional Offerings

Parent Brochures (OUT-1920)

Tell a data-driven story to put your school's best foot forward

- *Simple and effective brochure highlights your school's strengths to parents and community members*
- *Get advice on how to strengthen your school's story, provide the data analysis to support it, and get help with basic design and layout.*

M.S. ABC - School

M.S. ABC is a small school committed to providing a meaningful learning experience, focusing on technology, to prepare students for the 21st century.

Students at School Demonstrate Academic Success

Average % of Students at Proficiency on State Assessments

- o M.S. ABC has ranked 1st in District 7 the past four years according to the NYC School Performance Dashboard when measuring the impact on student learning (95th percentile citywide – four year average).
- o M.S. ABC Proficiency Levels in ELA, Math, and Science are significantly higher than the District X Average, and are approaching the city average.
- o For the fourth consecutive year (2016 - 2019), more M.S. ABC students scored a level 3 or 4 in Math and English than a level 1.
- o 35% of M.S. ABC 8th graders entered High School with Regents credits (Algebra 1 and Living Environment) with a 100% pass rate.
- o 65% of M.S. ABC students scored Proficient on the 8th grade NY state science exam in 2019 (with 97% scoring a level 2 or higher).

M.S. ABC - School

M.S. ABC students say...

- o 92% of students agree or strongly agree that their classes at their school really make them think critically.
 - o 97% of students agree or strongly agree that they are learning a lot in their classes at their school to prepare them for the next level or grade.
 - o 93% of students agreed or strongly agree that their teachers respect their culture/background.
 - o 93% of students agree that their school offers a variety of programs, classes, and activities to keep them interested in school.
 - o 97% of students agree or strongly agree that they feel safe in their classes.
-

- o 95% of parents feel respected by their child's teachers.
 - o 92% of parents feel that teachers work closely with them to meet their child's needs.
 - o 92% of parents feel well-informed by the communications they receive from their child's school.
 - o 98% of parents feel that their child is safe at school.
-

M.S. ABC parents say...

M.S. ABC teachers say...

- o 100% of teachers say that at their school the principal, teachers, and staff collaborate to make the school run effectively.
 - o 100% of teachers say that they use their students' prior knowledge to make their lessons relevant to their everyday life.
 - o 100% of teachers say that they adapt instruction to ensure it represents all cultures and backgrounds positively.
 - o 96% of teachers responded that the principal communicates a clear vision for their school.
 - o 96% of teachers say that they recommend their school to families seeking a place for their child.
-

NYC School Survey Analysis (SVY-1920)

Identify relative strengths and challenges according to students, parents, and teachers

- *See which survey questions your school performed best and worst on, and made most and least progress on from 2017 to 2019, relative to city and district for student, parent, and teacher responses.*
- *See side-by-side comparisons of key student, parent, and teacher questions*
- *Categorizes questions by Danielson Framework component and Quality Review rubric category and indicator*

Survey Measures

Measures are groups of 3-10 questions per respondent about a particular aspect of the school. Measures here are ordered by weakest to strongest based on the school's percentage of positive responses in 2019 compared to the District average.

Response Rates: School: 83% District: 81% City: 81%

| Rank - relative District Avg | Measure | Framework component | School vs District |
|------------------------------|--|------------------------|--------------------|

Interim Assessment Analysis (INT-1920)

Enable teachers to quickly and easily identify gap areas and formulate re-teach plans.

- *Understand how each class, subgroup, and student performed by question type, standard, and cluster and the progress or decline from baseline to benchmark*
- *See standards and questions where school was strongest and weakest relative to peers*
- *Understand performance and common incorrect choices for each question*
- *Customized for your school's needs*

Performance is based on percentage of total possible points

% of Total Possible Points Level 4 Level 3 Level 2 Level 1

* PR 18-19 Based on 8th Grade Imputed Scores from the 2017-18 School Quality Guide Educator's Guide

Marking Period Analysis (MPA-1920)

Identify trends in passing rates by subject and teacher for a more focused response

- *Understand student performance on classroom grades by subject and teacher*
- *Spot trends in share of students at risk of failing by subject and teacher*
- *Identify courses with highest and lowest passing rates*
